Description

One-of-a-Kind Natural Fancy Pink Diamond Lattice Pendant

GIA Certified | White Gold

Architecture in diamonds. A pink heart suspended inside a cathedral of light.

The Center Stone

A 0.19 carat natural Fancy Light Brown Pink cushion-cut diamond, GIA certified — its warm, rosy blush set in a rose gold halo of pink round brilliant diamonds that honor and deepen its natural color. Small in carat. Immeasurable in rarity.

The Design

The pendant unfolds outward in concentric layers of open white gold lattice — each arc outlined in pavé-set white round brilliant diamonds, creating an intricate lace-like silhouette that moves and catches light from every angle. The design draws the eye inward through layer after layer until it arrives at the pink center — a deliberate journey from white brilliance to rare color.

A diamond-set geometric bail at the top mirrors the pendant's angular elegance, suspending the piece from a white gold link chain with effortless sophistication.

This is Art Deco sensibility reimagined for a woman who understands that true luxury is found in the details no one else would notice — until they cannot look away.

GIA certificate available. Private viewing by appointment.

Comments :

GIA Certified Graduate Gemologist Physically checked and verified all Diamonds and gemstones in this Fine Jewelry the piece is 100% Natural.
